SAGE'S GIANT WIND MILL.

FOR PUMPING, THE GIANT

is the Simplest Geared Mill made in Canada. See model and be convinced.

No Cog Wheels to get loose or wear out. A small child can put it in and out of gear.

The GIANT is a Perfect Regulator

in the Highest Winds, and stands the storms where other mills have failed. The Giant is

A Solid Wheel.

10 ft. wood, or steel. No freezing up in winter. Building on Barns a Specialty. Will warrant The Giant five years. Can furnish numerous good references.

Mill and Derrick (complete) for **$65.**

These Mills can be attached to any kind of a pump. Good Agents wanted in different localities.

I am prepared to put in all kinds of piping, and handle the best pumps in the market.

Good Farm Stock taken in exchange for mills.

WILL. SAGE, Ingersoll.
